

**Name:** Jennifer Large

**Dance Company:** The Canadian School of Ballet

**Tell us about your company:** I work with Carley Bailey, Regeanna Stubel, and Taylor McAuley, and grew up dancing there.

**What years have you participated as a professional instructor?** Team Funk was my first year and then I did 3 more years after that.

**How did you first learn about Swinging with the Stars?** Carley Bailey

**Why did you agree to teach our local celebrities their dances?** Because my daughter was in hospice her short life.

**What was the funniest moment you had with one of our local celebrities?** So many! I've loved everyone I've worked with.

**What is it about Swinging with the Stars that makes it so special, or that sets it apart from other events?** Well, it's taking people out of their comfort zones, which is a great thing to make you realize that you're an active participant. And as far as fundraisers go, it's by far the most entertaining!

**Has Swinging with the Stars impacted your life?** It's been amazing to have a night to celebrate the life of my daughter in my heart, and to connect with people about the services offered.
